“Adding Dimension and Manipulations to Quilts: The Basics”

This workshop is for students who want to learn Vikki’s basic improvisational manipulations techniques to obtain dimension and texture in their quilting projects. Students begin the class with short demos to learn Vikki’s basic improvisational procedures. Each student will choose her/his favorite technique among those presented and apply it to a project or make small samples of several different techniques.

This class includes:

- short demos on improvisational construction techniques;
- use of multiple fabric strips to create a whole-cloth of curvy strip piecing;
- fabric pleating and use of pleated strips to obtain dimension, color contrast and balance;
- the making of simple tubes for extreme pleating and dimensional design elements;
- how to machine sew using these techniques;
- Vikki’s whole-cloth finishing techniques.

Cost of this workshop is \$65 to members. There is no additional kit fee.

You should bring:

A detailed supply list will be e-mailed 2 weeks before the class to all participants who are registered and paid in full.

You will not need fabric in large amounts but you will need a variety of colors in at least three values. You probably have what is needed in your stash. Also bring some polyester sheer fabric and metallic lamé fabric for experimentation. Two items to look for ahead of time are one to two yards of Pellon sew-in regular lightweight or mid-weight stabilizer and a roll of 5/8” wide Stitch Witchery.

You can bring your own lunch or take advantage of nearby restaurants. There will be bottled water available.

For more information on location or time or to check class availability, contact Julie Hallquist at (970) 484-9413 or Maxine Carlstedt at (970) 377-0012. We will take the first 20 people who have paid in full for this workshop.

Workshop Cancellation Policy

Since we contract with speakers months in advance, we are committed to paying for their workshops. Therefore, we will refund your class fee only if you cancel 30 days before the workshop. We will allow you to have someone take your place at the workshop. If we are forced to cancel the class, we will refund prepaid class fees.
